

Key Solutions Press Release

Key Solutions Receives Cisco Small to Medium Business Specialization

Jan 13th, 2009 Key Solutions announced today it has achieved SMB Specialization from Cisco®. The SMB Specialization recognizes Cisco resale channel partners whose primary focus is on the small and medium business (SMB) market with fewer than 250 employees.

Our partnership and SMB specialization with Cisco enables Key Solutions to provide our customers simple, affordable, and easy-to-manage unified communications. The Cisco solution eliminates multiple servers and combines voice, data, Automated Attendant, video, security and wireless capabilities. The benefits of the Cisco solution include operational productivity and efficiency- controlling costs by reducing local line fees, long distance costs and eliminating the cost of duplicate cabling for separate data and voice systems.

For more information on Cisco products for your business, contact Key Solutions @ 859 572 9911.
